For: System for Creating Spectral Displays	)	

**AMENDMENT AND RESPONSE TO FIRST OFFICE ACTION**

**I. INTRODUCTORY COMMENTS**

To the Commissioner for Patents:

This paper is responsive to the Office communication mailed on May 05, 2006, setting a one-month (or 30 days) shortened statutory period for reply. Because this Response is being submitted electronically on June 30, 2006, a Petition for a One-Month Extension of Time is included herewith. The Commissioner is hereby authorized to charge any and all required fees associated with this Response to Deposit Account No. 50-1059 (McNees, Wallace & Nurick LLC). Please note that the Patent Office indicated on page 4 of the May 05, 2006 Office communication that the Applicant's original Response of February 13, 2006 appeared to be a *bona fide* attempt to reply to the Office Action of January 11, 2006. The Applicant understands, based on MPEP 710.02(b), which permits 1-month shortened statutory periods for reply in the event of *bona fide* attempts to reply that include inadvertent omissions, and MPEP 710.01(a), which requires that "where the statutory period runs from the date of a previous action, a statement to that effect should be included" (no such statement appears in the May 05, 2006 Office communication), that the May 05, 2006 mailing date started a new statutory period for reply, and that a Petition for a One-Month Extension of Time under 37 C.F.R. 1.136(a) is

appropriate in the above-referenced application. Again, the Commissioner is hereby authorized to charge any and all required fees associated with this Response to Deposit Account No. 50-1059 (McNees, Wallace & Nurick LLC). Amendments to the claims begin on page 3 of this Response and the Remarks begin on page 8. Consideration of the new claims presented herein is respectfully requested.
